

THE WIDOWS AND ORPHANS.

WELL WORTH TELLING.

Siegel-Hillman & Co. Start a Fund for Firemen's Families.

POST-DISPATCH IN CHARGE.

Contributions for the Widows and Children of the Broadway Fire Victims Will Be Received.

It has been suggested that a fund be raised for the families of the married men who met death in the ruins of the A. B. Aloe Company Building, destroyed by fire on the morning of January 18, 1935, for the three victims James Roddy alone was unmarried.

Capt. John Stanton of Chemical Company No. 1 lived at 708 Gamble street with his wife and two children. Nimrod Kay Kerley, a young widow, and her three orphan children live with her father-in-law's family at 311 North Garrison avenue.

Robert Stanton, son of the late fireman, is a young man—Kerley was only 23—working for a salary that only entitled to keep them and their dependent ones in comfort.

It was little they could lay by for old age or the rainy day that comes to most families. Strong of body and stout of heart, each relied on his ability to care for his wife and babies. The collapse of a rotten building cut them off in the flower of manhood while they were striving to save the property and lives of others. It was what they were paid to do. They risked their lives and lost them. The question has been raised: Shall the widows and orphans suffer because the firemen have saved them? Shall two families paid with their lives for the comforts of life because the bread-winners of two families died because of the ignorance, carelessness or crime that caused the collapse of an apparently and presumably staunch building?

The sentiment of the public seems to be that they should not and shall not.

The nucleus of a fund for the families of Stanton and Kerley has been raised and sent to the Post-Dispatch with a request that this paper take the matter in hand.

The suggestion and the first contribution came from a firm that recently sustained a severe loss by fire and has fresh in the minds of its members the fate of the firemen. The following letter explains itself:

ST. LOUIS, Jan. 22.—The recent fearful disaster at Broadway, by which three brave firemen lost their lives, recalls forcibly to my mind the splendid work of the fire department when our place of business at Broadway and Washington avenue was burned ten days ago. We were saved from this disaster, and it was only through the untiring efforts of the firemen that the danger was averted, and has been considering the advisability of presenting the department with a suitable fund.

"An opportunity to show our appreciation is now offered. In Tuesday night's disaster three men were killed and the other two small children practically destitute. We can conceive of no way to make partial expression of our indebtedness to the firemen, except to inaugurate a subscription fund for the relief of the dependents of the men who were suddenly snatched away."

"Knowing that the Post-Dispatch reaches a great number of readers in St. Louis, of a class able and willing to respond to the call of charity and also knowing the disposition of our St. Louis office to enterprises calculated to relieve suffering, we venture to suggest such a movement and to confide it to your hands. The fund will find our check for \$100 as a starter. Under the fostering care of the Post-Dispatch we feel assured that this fund will begin a large amount will be easily raised and equitably distributed."

EGGEL, HILLMAN & CO.,
Mr. Dave Aloe of the A. B. Aloe Co. said to a Post-Dispatch reporter Wednesday that the company would contribute to the relief fund, but that the St. Louis office of the company would not contribute to the fund until the arrival of his brother, the president of the company, who is expected to reach St. Louis on Friday.

Other firms have expressed a willingness to contribute to the fund.

The Post-Dispatch and its staff have acknowledged any sums sent to it for the purpose. The first check in aid of the fund, Hillman & Co. was a check for \$100.

To The Post-Dispatch: In sympathy with the families of the firemen who lost their lives in the performance of their duty, and feeling that these families need, we, the members of one household, send \$1 each, to start a popular subscription fund.

GOLD WITHDRAWALS.

Urging Secretary Carlisle to Revoke the Rule of Secrecy.

Special to The Post-Dispatch.
NEW YORK, Jan. 22.—There is talk in Wall street of a request from representative financial men to Secretary Carlisle that he revoke the rule of secrecy with regard to gold withdrawals from the Treasury other than for shipment. The bankers who are most influential have been urged by brokers and stock dealers to send a protest to the Secretary, and it is understood that they will do it within a few days, in case the Treasury Department does not act in the meantime. It was even suggested that Congress be requested to adopt a resolution calling on the Secretary to no longer make the matter a secret. The danger from secrecy in the matter of withdrawals increases with every day, and experienced financiers say that during the first four days of February, if not revoked, it may cause a panic.

WASHINGTON, D. C., Jan. 22.—Congressman Blue of Kansas, who has charge of the claims of Bourbon and Wyandotte counties, Kansas, for a slice of Missouri territory will call on the Missouri delegation together soon to discuss the matter and see what can be done. Kansas claims that the Missouri State line along the Vernon and Bates counties is too far west and that another decreedary exists at Kansas City. The Missourians say that the claim is unfounded.

A Well-Known Senator Tells a Remarkable Story.

No Possible Doubt As to Its Absolute Truth.

From the High Standing of the Senator.

Higher the Position, More Interesting the Facts.

Our Readers Eager for Just Such Details.

Senator Frank Plumley of Northfield, Vt., is a man of national reputation. No man today stands more prominently before the people of the State of Vermont than he.

A lawyer by profession, he was elected to the House of Representatives in 1882, is Trustee of Schools, Trustee of Northfield Bank, and Trustee of Norwich University (a Military School under patronage of the U. S. Government), has been Trustee of the Montpelier Seminary, Chairman of the Republican State Convention 1886, Delegate at large to the Republican National Convention in 1888, was United States Attorney for Vermont 1889 to 1894, and is now State Senator.

Senator Plumley is well known throughout the United States, having been selected by the National Republican Committee as speaker to stump the State of Michigan for Blaine in 1884, and again in 1888 and 1892 he spoke through the West for the Republican presidential candidate.

When he came out of the presidential campaign in '92, owing to overwork he was almost a complete nervous wreck.

To our representative the Senator said: "The fall of 1892 I came out of the presidential campaign with my nervous system almost broken.

"Rest and ordinary remedies did not assist me. Some of my personal friends advised me to take a course of Dr. Greene's medicine, which I did with entire success. I use Dr. Greene's Nervura blood and nerve remedy for that exhaustion caused by long continued mental work and think well of it."

"We understand that Senator Plumley's cure is radical and complete, and, while we congratulate the popular Senator on his recovery, we cannot but add that this is a distinct triumph for that marvelous medicine, Dr. Greene's Nervura blood and nerve remedy, which, owing to the high standing of Senator Plumley and the fact that he is so widely known, will give Dr. Greene's Nervura a great boost."

The remedy deserves it, for it is in truth a most wonderful cure of disease, a restorative and invigorator which stands at the present day without a rival in making people well; a remedy which is always sure to cure, to give health and strength, to make whoever uses it strong and vigorous.

This most valuable remedy is not a patent medicine and should not be classed as such, for it is the discovery and prescription of one of our leading specialists in nervous and chronic diseases, Dr. Greene, of 35 West 4th st., New York City. The doctor gives an added value to his great remedy by allowing all who desire to consult him without charge, either in person or through the mail.

THE CHARLESTON WRECK.

Graphic Description by a Man Who Was in It.

The belated passengers of train No. 21, Indianapolis and St. Louis express, from New York City, which was wrecked a mile east of South Charleston, O., Wednesday morning, arrived at the Union Station Wednesday night.

The passengers were all badly shaken up and few of them were back to normal. They were dazed and weary.

After the piles of debris from the wreck had been cleared away a new engine and crew were telegraphed for, which brought the passengers to St. Louis.

Engineering Clerk Trimble and Fireman Geo. W. Waters were killed in the wreck and ten others were injured.

Among the passengers from New York was Mr. J. Wesley Ferris, stock and bond broker, who was killed.

Mr. Ferris was a man of about 40 years of age, of medium height, with a full head of hair, and was a native of New York.

He was traveling in the wreck to a Post-Dispatch reporter at the Union Station.

"I was in the wreck just back of the passenger coaches which were wrecked," said he, "so I got nearly the full benefit of the shock."

The train was bowling along at a rapid rate and everything seemed serene. As I was talking to the reporter, the train was being held up by robbers and that the report I heard of the wreck was not a hoax.

"I was in the wreck and the passenger coaches in front of me, mingled with the wreckage of the train, were being held up by robbers and that the report I heard of the wreck was not a hoax."

HOPE FOR THE FANS.

Frank De Haas Robison May Get the St. Louis Franchise.

THE END OF VON DER AHEISM

Pity 'Tis That There Is Doubt of the Deal Being Consummated.

A story, born in Pittsburgh and scattered broadcast by the wires Wednesday night, that a deal had been consummated, or was on the verge of consummation, by which Frank De Haas Robison secured the St. Louis franchise in the National League, has set the local baseball fans agog. Nothing affecting the baseball situation here has occurred in five years so calculated to whet the life of the almost inert St. Louis fan as the announcement of this deal.

That means, it is true, that the Cleveland Indians will be transferred to St. Louis intact, reinforced by the one or two good players now on the Browns' reserve list. It means a Brown Stocking Club that will do honor to a name once made famous by victory, but now plunged into obscurity by defeat. It means, perhaps, that a championship pennant may again float before the eyes of the patrons of Sportman's Park and that they may have something to applaud besides the good plays of visiting teams.

For years the feeling that the only hope for a revival of interest in this city lay in a change of management has been gaining ground. It has been expressed, frequently in a constantly decreasing attendance at the games. The unbroken press has repeatedly called attention to it and has urged it, at first mildly and in a friendly spirit, but later with the force of conviction, but to no avail.

To see the sport again raised to its proper high moral plane, and the club so managed that it will be a credit to the city whose name it carries about the country for better or worse, has been the wish of the local patrons. This news from Pittsburgh comes like a realization of this dream, but it is almost too good to be true.

Von der Ahe is obstinate. The magnates have long since realized that the best interests of the game demanded his retirement, and he has received numerous offers for the franchise. But he has refused them all. There is room to doubt this reported sale, although it is a consummation of a dream.

With the right sort of management St. Louis is one of the best ball towns in the country, and the club so managed that it will be a credit to the city whose name it carries about the country for better or worse, has been the wish of the local patrons. This news from Pittsburgh comes like a realization of this dream, but it is almost too good to be true.

Billiard Tournament. Capron defeated Sutton in the billiard tournament at Chicago by a score of 400 to 200. His average was 52.2. Gallagher won from Hately by a score of 400 to 204. Gallagher's average was 52.

In reply to the challenge issued by Ed McLaughlin to play Frank Maggoli a match game for \$250 to \$500 a side, the latter says he has no backing. He now that McLaughlin has averaged so well against Capron, Maggoli will gladly meet the Pennsylvania champion in a match of 600 or 800 points for a purse.

Ryan and Luttberg. Jack Ryan will attempt to throw Max Luttberg three times in one hour at the Garden Theater Saturday night. The winner will endeavor to get on a match with either George Baptiste or Mike Mooney.

Referred to the Stewards. Matt Foster handed in some entries for the St. Louis Fair Association's stakes and Secretary Gwynn will refer them to the racing stewards. Matt claims to have bought his horse Fred's racing stable.

Track Results. AT SPORTSMAN'S PARK—Virginia IL, Crab Cider, St. George, Dixie and Ivanhoe. AT ST. FRANCISCO—Fai Murphy, Clara Wilson, Cadmus, Strathmore, Alvarado and Olive. AT NEW ORLEANS—Emil Elliott, Dave Pilsbury, Ethel Farrell, Robert Latta and Billy Jordan.

Losing a Member. William P. Laing of St. Louis has been elected an associate member of the National Cycle Board of Trade. R. L. Coleman is elected to succeed A. G. Spaulding as President. C. F. Smith will be Vice President and George Pope, Treasurer. The annual meeting will take place in New York to-day. W. A. Stockley of St. Louis is in New York visiting the Cycle show.

Jumping on Skates. At the St. Paul winter carnival grounds yesterday, Edward C. Andrews of Waterloo made a running jump on skates of 17 feet 8 inches, which beats the world's record by 2 feet 4 inches, made by Samuel Desse on Van Courtland Lake, N. Y., in 1885. In an exhibition jump later in the afternoon Andrews covered the phenomenal distance of 19 feet 4 inches.

Sporting Notes. The Tribuna defeated the Coffees in a game of football Sunday by a score of 2 to 1. Tommy Ryan is now said to be looking for a fight with Joe Choynski. He thinks he can outpoint Joe in a limited round bout. "Mysterious" Billy Smith, while in England, will try to get on a match with Dick Burke at 140 pounds.

Anthony Comstock had officers at the Hall-Chorvacki fight and will try to have the entire gang indicted, he having the names of twenty-five names in England. Frank lives in Madrid, Spain, where he is giving exhibitions. He recently ran 700 at the bank line game and stopped because he was tired.

A new fighting club has been started in London with the object of outwining the National and Hollingbroke Clubs. It is called the Adolph, and will hold boxing shows each month.

THE AXLE BROKE.

Narrow Escape From a Frightful Calamity on a Railway.

NEW YORK, Jan. 22.—The passengers on the express train from New York to Elizabeth, on the Jersey Central road, had a narrow escape from being victims of a terrible accident last night. As the train started out of the Elizabeth station, the axle connecting the two rear driving wheels of the engine snapped and the heavy engine was wrecked.

When an investigation was made it was discovered that the steel axle, which is about eight inches in diameter, had snapped off close to the right hand driver and that an old flaw was in the steel, so that thus the heavy engine had run, no one knows how long, depending upon one-fifth of the axle, a piece about two inches thick in the center.

The train consisted of from eight to ten heavily loaded passenger cars and runs to Elizabeth in 22 minutes at express speed, without stops. Railroad men upon viewing the wrecked engine, were astounded at the miraculous escape. The train had had from a terrible catastrophe, for, as an old engineer said: "Had then any one piece of axle given away while the train was making its run from Jersey City to the Elizabeth draw-bridge, during which it runs nearly a mile a minute, there would have occurred one of the most terrible accidents that has ever occurred in this section of the country. As you can see from the condition of the engine and the axle, the sudden collapse of the axle and the arrest of the drivers would have piled the engine and the long train in a heap before you could say 'Robbin'.

The train had stopped at Elizabeth station, unloading the Elizabeth passengers and had started on for Dunellen, the engine having passed the station. The accident is supposed to have occurred on the track between the station and the draw-bridge. The passengers bound for points west of Elizabeth were transferred to another train and after hours of labor the wrecked engine was removed to the company's shop after blocking the main track for four hours.

WIPED OUT THE COLOR LINE.

Miss Fannie Barrier Williams a Member of Chicago Woman's Club.

CHICAGO, Ill., Jan. 22.—After fighting over a woman's complexion for four months the Chicago Woman's Club has eliminated the color line and elected Mrs. Fannie Barrier Williams, the well-known colored woman, to full membership at an executive session of the club. The greatest effort was made to suppress official information on a subject which had become one of popular interest on account of the prolonged opposition to the candidate's admission. Preceding the meeting there was a lively session of the membership committee, which had the name of Mrs. Williams under advisement for the second time. Four members of the committee were prompted by racial prejudice to vote against a favorable report on her application. Another favorable vote would have successfully blackballed the candidate. Dr. Sarah Hackett Stevenson and Mrs. Catherine August McCallum championed the cause of the colored woman, and the majority of the committee's report prevailed when presented to the meeting.

No Chance for Small Fry Newspapers.

H. J. Palmer, Greenville, Ill., writes the Post-Dispatch under date Jan. 14: "In today's Star was a letter I wrote to them. I handled their papers and could not get any subscribers. There is no chance for the Star and Chronicle where the Post-Dispatch is. The Post is winning every day. If you see fit you can publish this, as long as the Star has been so smart."

MANIAC'S DESPERATE FIGHT.

He Barricaded His House and Resisted Six Policemen.

ALLEGHENY, Pa., Jan. 22.—Armed with an ax and carving knife and with the doors of his house barricaded, Adolf Boehman, an insane man, resisted the attempts made by six policemen to arrest him. Finally the officers battered down a door and the furniture piled against it. Boehman fired his revolver at them through the aperture. When the debris was cleared away they saw the crazy man crouching on the floor with his ax and knife. Capt. Thornton and Detective Johnson jumped upon him. Boehman fought like a deer in a trap, realizing that he was being overpowered let forth yell after yell. He believed he was about to be shot. Capt. Thornton has a big rash in his head where the madman used his knife on him and Detective Johnson was badly injured.

The Chicago School Board Wipes Out Three Special Departments.

CHICAGO, Ill., Jan. 22.—By a vote of 13 to 3 the Board of Education last night restored the salaries of the public school teachers to the basis of those of 1896, with legal increases of 1894. At the same time the board wiped out the special departments of singing, drawing and physical culture. This last action goes into effect in June, 1897, at the end of the school year. Grade teachers are to become instructors in these studies and the board will save about \$100,000 a year by its action—much more than was proposed to be saved by the reform committee.

SON FOLLOWED FATHER.

A Texas Lover Kills Himself at the Home of His Sweetheart.

DALLAS, Tex., Jan. 22.—Yesterday evening Joseph Rigney, 22 years old, killed himself by shooting through his head at the home of his sweetheart, Dora McElathney. On account of her youth the girl's parents would not permit her to marry young Rigney for at least three years. He took dinner with his sweetheart and her parents and appeared to be in the best of spirits. On arising from the table he entered the parlor, placed a pistol to his head, fired and fell dead. On his person was found the following note: "Dear Mother—Do not grieve for me. My father before me took his life with his own hand, and you should not think it strange if I do the same. Good-bye, YOUR SON."
